Subject: RE: For review: Listserv on asbestos comment period - DRAFT FR Document
Attachments: 10010-xx_FR_Doc_for-AA-eSignature.docx

I assume we are using June 12th so here is the draft FR Document. I will be finishing it up for submission to Alex, but wanted to give everyone a chance to see it – comment before I do that. Note that I kept – although slightly modified – the language from the April 3rd FR about SACC getting to review comments submitted by Jun 2nd or during the meeting, and EPA reviewing all comments, along with SACC comments and recommendations.

Subject: For review: Listserv on asbestos comment period

Alex – below is a short listserv on reopening the comment period. Let me know if you have comments/questions. I'll coordinate w/ Angela to get this out today once all the other pieces are ready. I'll also give OPA a heads up. Thanks.

EPA Reopens Public Comment Period on Draft Asbestos Risk Evaluation

EPA is reopening the public comment period on the draft risk evaluation for asbestos to allow stakeholders and the public to provide written comments through the end of the peer review meeting happening June 8-11, 2020. Comments should be submitted by June 12, 2020 [or another date?], to docket [EPA-HQ-OPPT-2019-0501](#) on www.regulations.gov. EPA will consider all comments received through the end of the public comment period when developing the final risk evaluation.
